

PRESS RELEASE

October 5, 2009

As of today Collecto, Inc., d/b/a CCA, and its five affiliated companies change their d/b/a to EOS CCA. The process of re-branding illustrates EOS CCA's connection to the parent cooperation, the international EOS Group, that is based in Hamburg (Germany).

EOS CCA has proven relationship with this organization. In 2001 CCA joined the EOS Group, since 2003 CCA's founder, Paul Leary Sr., has been a Member of the EOS Group's Board of Directors.

Paul Lear Jr., CEO at EOS CCA, explains the advantage of the re-branding for the company's clients: "The re-branding strengthens our bond to European-based EOS. Our customers will know at first sight that we are part of an international network. They profit from our local expertise and services in the recovery segment but are also able to use services of the international EOS Group, e.g. international debt purchasing."

All contracts will be un-affected by the change: "We will continue to provide our clients with the best services and quality", says Mr Leary Jr.

As EOS CCA, the company will maintain all critical aspects of its culture, which are in full accordance with the EOS Group's corporate values.

About the EOS Group

With around 4000 employees in more than 20 countries, the EOS Group, a member of the Otto Group, is one of the leading financial services corporations in Europe. The over 40 operating companies in the Group are active in the receivables management, marketing and risk information as well as payment services segments and look after some 20,000 clients around the world – from banks and insurance companies, the manufacturing industry and mail order segment to public utilities, telecommunications firms and IT companies.
